

# SHIVAM VIRENDRA PAL

*Engineering Student*

✉ pal513990@gmail.com ☎ +91 8155855935 🔗 [linkedin.com/in/shivam-pal-3a5119370](https://www.linkedin.com/in/shivam-pal-3a5119370)

## SUMMARY

---

Computer Science Engineering student with hands-on experience in web development through a technical internship. Skilled in frontend and backend technologies, with strong problem-solving and collaboration abilities. Focused on building efficient, high-quality applications and improving overall system performance.

## SKILLS

---

**Languages::** JavaScript | HTML | CSS | Python | C#

**Frameworks/Libraries::** React JS(Vite) | Node.js | Express.js | FastAPI | Bootstrap | TailwindCss

**Databases::** MySQL | MongoDB

**Tools/Concepts::** RESTful APIs | Git | CRUD Operations

## EXPERIENCE

---

**Techreale**, *Full Stack Developer Intern*

Present

- Gaining hands-on experience in modern web application development
- Designing and developing responsive, reusable UI components using React.js
- Building scalable backend systems with Node.js and Express.js
- Integrating REST APIs and managing databases using MongoDB
- Contributing to real-world projects with focus on performance optimization, clean code, and enhanced user experience

## PROJECTS

---

**AskMilo – AI Prompt Sharing Platform**, *An AI prompt sharing platform for users*

- Developed a full-stack web application using React.js for the frontend and Node.js with Express.js for the backend
- Enabled users to explore and filter AI prompts across various categories, with efficient data storage managed via MongoDB
- Designed a responsive and modern UI using Tailwind CSS with reusable components
- Optimized performance and resolved UI/UX issues through testing and debugging

**Evaluation of Academic Performance**, *A web application for tracking academic performance*

- Built a web-based application to track and manage student academic performance
- Developed frontend using HTML, CSS, JavaScript and backend with Node.js & MongoDB
- Implemented features like marks tracking, study material management, and skill development tools
- Enhanced user experience by structuring and organizing academic data efficiently

**Star Venture Tourism**, *Tour Booking & Travel Management System*

- Developed a responsive tourism website for tour packages, transport, and booking services
- Designed modern UI with React.js and Tailwind CSS, focusing on premium user experience
- Implemented dynamic package filtering, search functionality, and category-based navigation

- Integrated features like WhatsApp booking, enquiry forms, and service modals
- Optimized UI performance and improved user interaction with smooth navigation and animations

## EDUCATION

---

**B.E. in Computer Science**, *S. N. Patel Institute of Tech & Research* | CGPA: 7.91

**Higher Secondary**, *Bai Ava Bai High School*

**Secondary School**, *Shree Swami Narayan Vidhayala*

## CERTIFICATE

---

### **Online Internship Certificate :**

- Data Analytics Issued by CSRBOX in collaboration with Gujarat Technological University (GTU)
- Full Stack Web Development with MERN Stack by Apna College
